15. Strength and Weaknesses of the University

16.1	Strengths of the University	Ours is a **unique biodiversity campus** housing variety of species like mountain rats, guniea fouls, turkeys, horses, cows of multiple breeds, dogs, rabbits, and many more. Such a nature-driven atmospbere keeps all stakeholders of SKDU mentally and physically rejuvenated to accept bigger challenges and contribute towards excellence at work. Probably due to these characteristics, SKD University is the academic brand image of Hanumangarh, a part heritage site of Harappan signatures Pilibanga, Rajasthan. Our sponsoring trust Guru Govind Singh Charitable Trust is a parent body of many reputed educational institutes in India. We have sprawling 68-Acres of campus equipped with state-of-the-art academic infrastructure and sports facilities. We are blessed to be known for our philanthropic activities under social outreach by the rural and urban society around. Our readiness for NEP-2020 format is our another strengths as our outstanding faculty members have offered more than 200 electives for our students to explore knowledge beyond their core domains. We have phenomenal base of our departments catering courses belonging to Indian Knowledge System and sports. Many of our sports students have been recently selected in national team for international championships. Very recently one of our MSc-Zoology student bagged All India Rank-22 in NTA controlled CSIR-JRF examination.
16.2	Weaknesses of the University	Our **liberal attitude** is probably our weakness. University started in the late 2018 that was our inception year when we were in the beginning of our infrastructure development and marketing our building of future-ready campus to the people around and nationally. It just took nearly 11 months when COVID-19 struck the globe and did hit our nation after 15 months of University inception. Pandemic forced faunch of online education format rendering our worthy laboratories non-functional. Post peak pandemic period, typically beyond October 2021, we have faced serious challenges in attracting students to attend classes in offline mode. Being an institution in early stage of inception period, we find it difficult to manage maintenance of our laboratories and justifying students' knowledge grading levels in terms of assessment. Still, we have tailored our policies at significant levels like offering hybrid format of faculty prompting students to attend reasonable percentage of classes on campus. Still we have not yet recovered from this trauma

SHRI KHUSHAL DAS UNIVERSITY
PILIBANGA (RAJ.)
Distt. Hanumangarh (Raj.)

		and trying our best to bring all students on campus in coming times. Another serious challenge that we have faced is the mindset of local people to go for conventional courses rather than professional courses and a natural bent towards entering into research. Though that is what we treat as blessing in disguise but have suffered major losses after establishing our workshops and laboratories of professional courses. We need to **publicize our presence** to the prospective students of other states to explore best of the opportunities to shape their career and skills at SKDU. We need to build **good agreements with renowned corporate hubs** for establishing excellence center at SKDU for nurturing our students for SKILLS of the future.

External Experts Policy for Evaluation Transparency

The University total transparency is maintained in each examination. The exam department is maintaining secrecy wherever necessary. The examinations are conducted on the basis of theory and practical examinations. The answer books are evaluated by the approved panel of the examiners which are mostly outside the University. The University has internal and final examination system with due weightage to both. Question papers are set by the examiners of subjects who are appointed by the President from out of panel of examiners given by the Heads of Department and provided the guidelines for setting question papers along with model question papers. Invigilators in examinations are appointed by the Centre superintendents of the respective examination Centre. University has a system of Internal and External Flying Squad which monitor the examination at each Centre on random basis. In some cases yearly and some cases semester system of examination is followed. The results of the examinations are declared within one month from completion of the last paper.

In case of evaluation of Ph.D. project reports External examiner of the rank of Professor/ Associate Professor outside the University are invited and the candidate has to defend his work by power point presentation and viva-voce in an open session.
